MARIN COUNTY OFFICE OF EDUCATION

SERVICES AND PROGRAMS

The Marin County Office of Education exists to provide leadership and service as a community asset that earns and enjoys the respect and support of our students, parents and community taxpayers. One of 58 county offices which form the intermediate level of California’s education system, the Marin County Office of Education actively and effectively links state policy to local programs and needs. This link is made in several ways by:

- providing programs and services to prepare students to be productive citizens;
- establishing tangible, measurable criteria for the evaluation of all Marin County Office of Education’s programs and services;
- insuring the quality of Marin County Office of Education’s programs and services by comparative and analytical evaluation of student achievement;
- demonstrating the cost-efficient utilization of available resources by monitoring the balance between commitment and results;
- providing effective, centralized services to the districts and schools in Marin County; and
- advancing technology and telecommunications for Marin’s students and the community.

The public served by the Marin County Office of Education voices its educational priorities through the election of the County Superintendent, who is the chief administrative officer and educational leader of the agency. A seven-member County Board of Education is elected by Trustee Areas to serve as the educational and financial stewards for county voters and their communities.

COUNTY PROGRAMS AND SERVICES

The Marin County Office of Education (MCOE) specializes in meeting the needs of local educators and students. In addition to offering a wide variety of services to meet the diversified needs of the county's school districts, the office also works closely with community groups and other educational agencies.

There are 19 public school districts in Marin County. Each district is governed by its own elected board of trustees, is supported by both local and state funds and is responsible for the policies and operations of the schools within its boundaries.

The Marin County Superintendent of Schools and the Marin County Office of Education work with the California Department of Education to assist Marin County school districts and students. This assistance is given through a variety of resources, support services and student programs.

Services and programs are provided only if they can meet the following criteria:

- Accountability
- Cost Effectiveness
- Quality
- Leadership
- Student-Centered

All services and programs provided have goals in each of these areas which are detailed in Action Plans that specify how the goal will be reached, the timeline, who is responsible and how evaluation of meeting the goal will be done. These Action Plans are available simply by calling the staff member listed under each program and requesting a copy or by emailing a request via the Marin County Office of Education webpage at <http://marin.k12.ca.us>.

There are ten (10) major services and programs offered by the Marin County Office of Education. They are described on the following pages.

ALTERNATIVE EDUCATION

Alternative Education includes several programs serving high-risk adolescents and incarcerated adults. The juvenile programs serve 800 to 1,000 students a year through County Community School, ORACLE Independent Study, Loma Alta School/Juvenile Hall and classroom instruction at Center Point Residential Treatment Program. Phoenix Academy, our charter school, serves students who have made a commitment to sobriety. Students are eligible for these programs if they are on probation, have been expelled from their home school districts, or have had chronic truancy and behavior problems. The education program at the Marin County Jail offers incarcerated adults an opportunity to complete their high school education through General Educational Development (GED).

For more information, contact Lisa Schwartz at (415) 491-0581.
e-mail: lisas@marin.k12.ca.us

BUSINESS SERVICES

Business Services provides accounting, budgeting and advisory support, both internally to Marin County Office of Education programs and externally to all the school districts in Marin County.

The Marin County Office of Education budget is comprised of nine funds and totals \$45.6 million for 2003-2004. Approximately 85% of the budget is expended directly on instructional programs with the remaining 15% spent on support of those instructional programs.

Advisory services and fiscal oversight are provided to 19 school districts in Marin County. These services include assistance with financial calculations, budget development and accounting. Reviews are performed on payroll and vendor warrants and retirement reporting. AB1200 fiscal oversight responsibilities and compliance reviews are performed four times annually for each school district in the county. In some situations, the Business Services staff provides intervention to districts and prepares in-depth analysis and recommended strategies for any necessary corrective measures.

In addition, six school districts' business services are performed at the Marin County Office of Education.

For more information, contact Sandra Peck at (415) 499-5805.
e-mail: speck@marin.k12.ca.us

EDUCATION SERVICES

The Education Services Department supports all districts and schools in the county; approximately 3,300 public school administrators, certificated staff, classified personnel and 29,000 students. Education Services provides professional development opportunities, assistance in program evaluation, advice to schools and districts on state and federal initiatives and offers leadership in the use of resources including instructional materials and technology. This is accomplished through a number of programs and activities including the Teachers' Learning Cooperative (TLC), Instructional Media Center (IMC), Marin County New Teacher Collaboration (MCNTC), Coordinated Compliance Review (CCR), student academic competitions and school recognition programs. In addition, the Education Services Department facilitates a variety of monthly meetings such as the Curriculum and Instruction Collaborative (CIC), principal and support staff networks.

For more information contact:
Mary Buttler, at (415) 499-5879.
e-mail: mbuttler@marin.k12.ca.us

GENERAL SERVICES

General Services provides support to all programs of the Marin County Office of Education at four owned sites, three rented facilities and numerous classrooms throughout Marin County. Seven staff (senior administrative secretary, maintenance workers, custodians, maintenance custodian, office utility worker and director) are charged with the cleaning, maintenance, security and landscaping of all Marin County Office of Education owned facilities and the three rental facilities. General Services builds specialized furniture, repairs furniture and equipment, modifies facilities in accordance with current needs and government regulations and provides delivery service for business information and county mail. Staff coordinates annual Mandated Topics training for school district staff through the financial support of the Marin Schools Insurance Authority.

For more information, contact Dane Lancaster at (415) 499-5857.
e-mail: dane@marin.k12.ca.us

PERSONNEL AND ADMINISTRATION

The Marin County Office of Education provides numerous administrative and personnel services to school districts. Both state and federal regulations and laws impact schools. Copies of bills that are pending before the legislature are available. Training in new requirements and interpretation of the Education Code is a constant activity. A Legal Consortium is coordinated for negotiators and superintendents to share information and discuss pertinent issues. Assistance is given in policy development, elections, appointment of board of trustee members, transfer of territory and general governance questions. Appeals of interdistrict attendance issues and expulsions are heard by the Marin County Board of Education. Monthly meetings of superintendents are staffed by the Marin County Office of Education.

Personnel serves the 350 employees of the Marin County Office of Education by coordinating and monitoring employee benefits, workers' compensation and state disability claims. Included is responsibility for employment, resignations and retirements, evaluation tracking, notification of step and longevity increases, fingerprinting, TB testing notification, Personnel Commission, staffing for summer programs, employee assignment, transfer and leave requests.

The Marin County Office of Education Personnel Department employs a credentials analyst who is responsible for registration, application and renewal of the credentials for all public school teachers in Marin County. Maintenance and distribution of the Marin County substitute list is also provided by this office, as is monitoring of teacher credentials to assure they match teacher assignments.

The Marin County Office of Education convenes a countywide personnel meeting to discuss topics of common interest or to receive training in areas of need. Additionally, the personnel staff coordinates the fingerprinting of all new employees with the Marin County Sheriff's Office and the Department of Justice.

SPECIAL EDUCATION LOCAL PLAN AREA (SELPA)

The Marin Special Education Local Plan Area (SELPA) includes all school districts located within Marin County and the Marin County Office of Education. The role of the SELPA is to ensure that students with disabilities receive a free, appropriate public education. The SELPA governance structure consists of the following elements:

- The Operational Steering Committee composed of six superintendents representing the various areas of Marin County;
- An Advisory Steering Committee composed of a special education representative from each district;
- A Special Education Advisory Committee comprised of 28 representatives including parents of regular and disabled students, teachers, agencies, administration and support staff;
- The Business Advisory Committee, consisting of District Business Officials from each local education agency; and,
- A Responsible Local Agency (RLA) which is the Marin County Board of Education.

WALKER CREEK RANCH

Walker Creek Ranch is located in West Marin, encompassing 1,741 acres. The Ranch was given to the Marin County Office of Education by the Marin Community Foundation to operate as an Outdoor Education School and Conference Center. Classes and conferences began in April, 1990.

The school program provides environmental and agricultural education to 5,628 fifth and sixth grade students, 614 high school students and 231 teachers from 100 schools in Alameda, Calaveras, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, Sonoma and Yolo Counties. The conference programs serve approximately 4,821 guests annually through 110 individual conferences.

The Ranch's newest program, Camp Soulajule, provides Summer Camp experiences for children ages 9-13. This year we served 240 campers during three one-week sessions in the month of July.

Mill Valley Middle School is adjacent to the Bay Front Park and the Mill Valley Community Center. Each grade level is housed in a separate wing of the building. The large library serves as the school's central core.

Mill Valley Middle School offers an academic program that includes English, mathematics, social studies and science. Credentialed teachers teach art, technology, and physical education classes. Additionally, orchestra, band and choral music are offered to all students.

Foreign language is offered to all 7th and 8th grade students. Wheel is offered to 6th graders instead of foreign language. Wheel is a trimester-based elective program where each student takes a trimester of technology, intro to foreign language and character education.

Counseling service is available full-time at Mill Valley Middle School. An extensive orientation for parents and students prepares them for the transition from primary to middle school and from 8th grade to high school. After school enrichment classes are available through Parks and Recreation. ◆

Strawberry Point School re-opened in August 2000 after having been closed for ten years. The school has been completely renovated and expanded to accommodate future growth in our district. We now have a thoroughly modern school facility that incorporates a state-of-the-art data/communications network with access points in all instructional and administrative areas.

Strawberry Point School provides students a well-balanced academic program. The school is situated on Richardson Bay and is adjacent to a wetlands area. Our instructional programs utilize regional science resources to meaningfully integrate environmental awareness and education into the core curriculum. Computers and other technologies are integrated throughout the curriculum. Visual and performing arts programs are provided at all grade levels. Special education and other support services are available to students at all grade levels. Part-time instructional assistants work with teachers to support student learning.

Grades 3 - 5:

8:30 to 2:50 (M/T/Th/F)

8:30 - 1:50 (Wednesdays)

Library hours: 8:15 to 3:15

Mission: We are committed to providing a challenging standards-based instructional program that focuses on developing the knowledge and skills in students required for them to become responsible and resilient learners in a rapidly changing world.

Olive School is located on nine acres and has four classroom wings, a multi-use room, library, computer lab and turfing playing fields.

For the past eleven years, Olive has operated on a modified calendar. Our third grade eliminated the “Early Bird/Late Bird” schedule to provide a full day of instruction that enables us to implement the standards-based curriculum. To further enhance our instructional program, students benefit from a strong Student Council program (grades 3-5), art docent lectures and numerous field trips and assemblies. In addition, our PTA funds an art and multi-year Spanish language program for all students. ♦

SINALOA MIDDLE SCHOOL

Grades: 6 – 8

751 students

School hours: 8:20 to 2:30

Library hours:

8:30 to 3:30

Mission: Sinaloa Middle School is a supportive community where students are challenged to acquire the knowledge and skills to live as responsible individuals in a world of change.

Sinaloa Middle School is located on a 25-acre wooded site and has facilities that include a library, gymnasium, computer lab, woodshop, band, art and drama rooms and several large turfed playing fields. Spanish is offered in the eighth grade.

Sinaloa offers multiple avenues for students to develop a sound educational foundation through emphasis on study skills and critical thinking. A guidance program in educational planning, goal setting and decision-making assists students in becoming independent and self-confident. Peer tutoring matches students who help each other with schoolwork. Grades 7 and 8 are trained to act as buddies for incoming 6th graders. All standard middle school required courses and electives are offered.

Special events and activities are part of Sinaloa's daily routine. Student clubs are primarily oriented toward community and school service. Sinaloa won a Marin County Golden Bell for its student activities program and was named a California Distinguished Middle School in 2003. ♦

MARIN OAKS HIGH SCHOOL

Grades: 9 – 12

63 students

School hours: 8:25 to 2:12

Mission: "Promote resilient, compassionate and responsible young adults" in a small community where students actively participate in both the learning and the decision-making.

Marin Oaks High School is the district's alternative high school located on the Novato High School campus. This location gives students an opportunity to enroll in elective classes at Novato High School in addition to their assigned core curriculum.

Marin Oaks High School continues to offer an alternative program for students looking for a smaller learning environment with greater flexibility. Students enrolled have the opportunity to make up lost credits while working to improve basic skills. A counseling program is part of the basic curriculum with each student developing an Individual Learning Plan.

In addition to offering individual instruction and counseling support, Marin Oaks' students are able to take advantage of a variety of instructional strategies including small classroom instruction, computer assisted instruction, project-based curriculum, local community college courses and Regional Occupational Program classes. ♦

School vision: Committed to educating the whole child through a Waldorf-Inspired curriculum.

Novato Charter School is a public charter school in which teachers use educational methods that nurture and inspire creativity, critical thinking, and motivated learning. As an institution committed to educating the whole child, the school endeavors to foster the unfolding of each child’s full potential. Using a Waldorf-method’s curriculum integrated with current best educational practices and State standards, our teachers nurture the imagination in the early years in order to build a foundation for abstract thinking. The child’s intellect is appropriately challenged in the middle years and through 8th grade. This education places equal emphasis on a solid academic foundation, artistic expression and social/emotional development.

Novato Charter School offers visual and performing arts, foreign language, music programs, handwork, woodworking, gardening and environmental education, games and celebration of seasonal festivities. ◆

Wade Thomas, twice selected as a California Distinguished School, is located in one of San Anselmo's oldest residential neighborhoods and is built on the site of the very first school in San Anselmo. The school facility includes a computer lab, music room, and art room plus a multi-use room and playground, which are used extensively by the community during non-school hours.

The core curriculum is based on state standards and includes project-based activities to engage students in their own learning. The district-adopted curricula in reading and math provide continuity for student learning K-5. Wade Thomas has a school-wide program to promote strong values, a sense of respect, responsibility and cooperation. Our district foundation provides enrichment programs in music, art and poetry. Students and parents are actively involved in community activities and ecology projects. Each class sponsors a separate project and adopts a family as part of an all-school community outreach. The Parent Association and community members volunteer many hours in the classrooms and on school improvement projects. ♦

White Hill Middle School, located on a 22-acre site at the base of White's Hill in Fairfax, is the middle school for three elementary feeder schools in the Ross Valley School District. In June 2001, White Hill Middle School received recognition as a California Distinguished School.

The core academic program is challenging, offering a breadth of opportunity in elective classes and an enrichment wheel and is supplemented by an active student activities program. In addition, credentialed instructors teach music, fine arts, foreign language and physical education courses. Thirty-three teachers, two administrators and fourteen support staff, supported by an active and generous community, implement the rigorous educational program at White Hill Middle School. A full-time counselor provides extensive group and individual service.

White Hill uses a block schedule to encourage in-depth project-based learning. During the 2004-2005 school year, White Hill will be completing reform work associated with its participation in the Bay Area Reform Cooperative (BASRC) relating to deepening curriculum, improving instruction and better meeting the needs of under performing students. ♦

RURAL SCHOOLS OF MARIN COUNTY

Four rural school districts serve the agricultural communities in the central corridor of Marin County. Each district has only one school. Laguna, Lincoln and Union Joint School Districts provide an educational program for kindergarten through sixth grade. Students entering grades seven, eight and high school are served by the Petaluma Joint Union High School District. The Nicasio School District, the largest of the four schools, has combination classrooms and provides an education program for kindergarten through eighth grade. These students reside in the Tamalpais Union High School District. The four rural school districts have a combined enrollment of approximately 125 students.

Support Services

Each school receives the services of a special education resource specialist, speech and language teacher, psychologist and nurse provided by the Marin County Office of Education. Videos, films, instructional resources, technology support and staff development classes are also available from the Marin County Office of Education.

Student Achievement

Due to the unique nature of each school community, individual student progress is primarily assessed through classroom assignments, portfolios, projects and individual learning plans as well as standardized tests. Teachers hold conferences with parents and send home progress reports cards on a regularly scheduled basis. Students grades 2-11 also participate in the STAR (State Testing and Reporting) Program. STAR results are available at each district office or online at the California Department of Education's website: <http://star.cde.ca.gov>

Community Involvement

Teachers, students, parents and board members work together throughout the year to provide activities that create a sense of community. Jointly sponsored activities include the annual Harvest Festival, picture day, field trips, physical fitness day and holiday plays.

The Laguna Joint School District was organized in 1867 as a part of the San Antonio Township. It is served by Laguna School.

The one-room school offers a full academic program with an emphasis on English language arts development, use of math manipulatives, hands-on science, creative writing and technology. Laguna School employs one principal/teacher, one full-time and one half-time credentialed teachers and one part-time bilingual aide. Instructional strategies include small group learning and one-to-one teaching. The Bookmobile supplies bilingual reading materials, cassette tapes and a full complement of library books.

Student portfolios are maintained to assess student progress. Kindergarten students are assessed twice a year; K-6 receive report cards quarterly. Parents work closely with the teachers. Conferences are scheduled at the end of the first quarter and as needed. ♦

Nicasio School has five fully credentialed teachers with classes for grades K/1, 2/3, 3/4/5 and 6/7/8. Students also receive Spanish, music and art instruction. Special teacher aides work closely with all the teachers.

Bond funds have been used to modernize and build "new" facilities, including a library and technology lab, science and art rooms plus a large multi-use room.

An outdoor area for garden/environmental science study is being constructed by students, volunteers and staff from funds donated by the community.

Strong parent support and participation, a thriving school foundation along with an extremely dedicated staff make Nicasio School an excellent student learning environment. ♦

The Union Joint School District is situated in the rural area just west of Petaluma in Marin County. One school, Union Elementary, serves the kindergarten through sixth grade children of this district.

Union School provides an integrated academic program. The two full-time teachers work closely together to provide students with a comprehensive program. Themes are pursued across the curriculum, tying together the studies of literature, social studies, music, art and making connections between math, science, history and current events. The Bookmobile comes to Union School weekly.

All students receive detailed progress reports through parent conferences and quarterly report cards. Parents work closely with the school. Monthly parent meetings provide a forum for discussing school programs and issues. ♦

Bahia Vista School serves the communities east of Highway 101 and south of the San Rafael Canal, including Larkspur Landing.

In 2005, an entirely new school facility will be built on the existing location to accommodate approximately the same size enrollment now served. Students will be relocated temporarily to the Short School Campus (K-2) and the Davidson Annex (3-5) during construction of the new facility.

Bahia Vista School has a strong focus on literacy and uses “Success for All,” a phonics-based reading program developed at Johns Hopkins University. Student achievement of fundamental skills is stressed and measured through standardized tests, benchmark assessments, portfolios of student work and teacher observation. English learning students also receive daily structured, systematic instruction in English Language Development.

The school community celebrates student cultural and ethnic diversity. The Bahia Vista Family Center (BVFC) serves students and their families by providing access to a variety of services and after school programs. The BVFC is a Healthy Start Program. The school also has an Even Start family literacy program as well as an extensive after school program through grant funding. ♦

Gallinas School is a K-8 school serving the communities of Los Ranchitos and Santa Venetia. It is located in northeast San Rafael near Marin County Civic Center. The school is scheduled to be modernized in 2005.

Gallinas School emphasizes a curriculum that challenges each child to excel in reading, writing, mathematics and science. The school is expanding classroom technology to enhance student learning. Art, music, drama and special physical education programs provide enrichment to all students. Students grades K-5 may opt to participate in an English/Spanish Bilingual Program that develops student literacy in both languages by the 5th grade.

The 6-8 grade program consists of two to three classes at each grade level. The program offers a full range of challenging, academic instruction using district and state standards as guidelines. Flexible grouping is used and is based on student needs and interests as well as ongoing parent and teacher assessment.

The schedule includes a daily physical education program, instrumental music instruction

Glenwood School has a multipurpose building, state-of-the-art computer lab, new art and science building, a large library and baseball diamond and soccer fields. The school's access to a marsh provides for a seasonal environmental studies program.

Glenwood school provides standards-based instruction and enrichment programs that lead to a high level of academic excellence. Parent involvement and an emphasis on family activities are vital components of the Glenwood School program. The many volunteer hours given by parents (approximately 6,000 hours per year) greatly benefit the school.

The school community is culturally diverse, representing many countries. Education workshops help parents integrate learning into family life. Active parent participation is evident and welcomed throughout the school.

After school programs include scout troops, sports, classes in Spanish, computers, science and art. Daycare is available before and after school. ♦

MARIN COMMUNITY COLLEGE DISTRICT

COLLEGE OF MARIN

College of Marin has been providing exceptional educational opportunities since 1926. The College has earned a reputation as a quality educational institution that provides a pathway for achievement and success for students of all ages.

Each semester about 8,000 students are enrolled in over 1,100 credit classes on the Kentfield and Indian Valley campuses. Approximately 100 international students participate in College of Marin's International Student Program, making for a culturally diverse educational experience. Nearly 5,000 students take advantage of the College's many outstanding community education and services classes.

With the extensive support provided by College of Marin faculty, staff and guidance counselors, College of Marin's students are achieving outstanding academic success. To facilitate students' transfer to the four-year institution of their choice, the College has established approximately 200 transfer agreements with the University of California, California State University and private colleges. When measured as a percentage of full-time students, the number of College of Marin students who transfer to four-year institutions is among the highest in the state. In addition, studies have shown that College of Marin students often outperform those students who enter four-year institutions directly from high school.

Completing lower division studies at College of Marin can save students thousands of dollars a year over the cost of a university. Fees for credit classes are \$26 per unit. Non-credit course fees vary.

Campuses are busy days, evenings and weekends. Performing arts and cultural events draw crowds throughout the year. Residents of the county attend classes, participate in seminars and workshops, use the athletic facilities and enjoy the beautiful grounds of the campuses.

KENTFIELD CAMPUS

Library Hours

Monday - Thursday:
8:00 a.m. to 9:00 p.m.
Friday:
8:00 a.m. to 4:00 p.m.

College of Marin has been providing exceptional educational opportunities since 1926. Known as Marin Junior College, it granted the first Associate Degree in the spring of 1929. In 1948 the College was renamed College of Marin.

On the Kentfield campus one can view a 20-foot, six-million-year-old fossil whale on display in the Austin Science Center, picnic in the grove of giant Redwoods or visit the current art exhibit in the Fine Arts gallery.

The College is noted for its drama, dance and musical performances in the Fine Arts Theatre. Other excellent offerings include a nationally accredited Nursing Program, a science field program and competitive athletic teams. ♦

INDIAN VALLEY CAMPUS

The Indian Valley campus opened in 1975 after five years of holding classes at various sites in North Marin. The 333-acre site includes 200 acres of open space, an Olympic-size swimming pool and many hiking trails.

Programs in Multimedia Studies, Auto Technology, Machine and Metals Technology, Court Reporting and Medical Assisting are located at the Indian Valley campus.

Multi-media courses are offered through the Credit program as well as Community Education and Services. ♦
